Blakey, Robert

Transcript of interview for Unsolved Mysteries program aired 3/31/93 in Unsolved Mysteries folder.

Blakey was Blakey, misleading in his responses, evasive and nonresponsive. He nonetheless reveals the preconcpetions of the supposed investigation that dominated it and the extent to which the FBI's palming off of the Russell Byers fabrication conned the committee. It is not unusual that Blakey was less than honest and forthright.
